

Space Academy® for Leading Students in Alabama

What is **SALSA**?

Space Academy® for Leading Students in Alabama is a state-funded scholarship for students ages 12 to 14:

- Selected students from each district win a spot at Space Camp® in Huntsville, where they dive into astronaut training, hands-on STEM missions, and teamwork challenges at the U.S. Space & Rocket Center®
- The program spotlights Alabama's exciting educational resources and helps future explorers launch their journey!

- Spend a week at Space Academy as part of a dynamic team, tackling challenges, and mastering STEM skills
- Train like real astronauts in cutting-edge simulators
- Participate in missions to the International Space Station, Moon or Mars, to hands-on engineering projects and team-building adventures
- Students explore Alabama's space legacy while discovering careers in science and exploration

Unlock tomorrow's opportunities right here, where futures take flight!
